6. Fire Chief Mayer's Report:

Mayer informed the board of commissioners he contacted Valley Wide Cooperative Propane Department to diagnose the upstairs furnace; it has quit working. The furnace is about 30 years old. He will obtain quotes for a replacement of the furnace, a summer of 2026 project.

Mayer approached JD Phipps of Marsing Ambulance service about paying for a portion of the First Due "Web Responder" add-on feature, as it will be utilized/shared with the ambulance district. Besendorfer will create an invoice for Marsing Ambulance Services in the amount of \$1,150 (50% of \$2,300).

Mayer reported procuring 16 APEX radios. He stated he would like ten (10) more. The board of commissioners and the fire chief discussed the need for additional radios. It was

determined that the growth of the community has impacted the district and their need for additional equipment. This impact warrants using a portion of the impact fees to assist with these procurements.
